

GMS REBAR BENDING AND CUTTING MACHINES WARRANTY CIRCUMSTANCES

- 1) Machine warranty period is 1 year for all GMS machines and warranty periods starts on dealer's selling date to its customer, not manufacturer selling date to dealer.**
- 2) All machine parts are under warranty for 1 year except electrical parts of the machine.**
- 3) Dealer / End user has to inform manufacturer regarding the problem by email on that date.**
- 4) Warranty conditions covers only factory setting mistake, user failures are not included in the warranty conditions.**
- 5) The freight of warranty belongs to dealer / end user / customer, manufacturer can send the spare part immediately after failure detected by email from the customer.**
- 6) If end user / customer or dealer repairs the broken part of the machine under the warranty conditions, manufacturer can send credit note regarding the amount.**
- 7) Labor cost or some other costs etc does not related with warranty issues, that is why such labor cost can not reflect to the manufacturer. Only broken spare part cost can be reflected to manufacturer.**
